SKILLS

Strategic Planning User Experience, Data Driven Decision Making, Roadmap Definition, Stakeholder Management, Market Analysis

Product Execution Agile/Scrum, 0-1 Product Launch, Product Lifecycle Management, Requirement Analysis, Functional Specifications

EXPERIENCE

Senior Product Manager, CEO Office | Ally Transport | 06.2022 - Present

- **Strategic Growth Architecture:** Architected a Single Source of Truth (SSOT) data backbone to resolve regional fragmentation, directly enabling scalable business expansion across multiple international markets.
- **High-Stakes Platform Ownership:** Managed the full lifecycle of mission-critical systems (TMS/OMS) with a combined monthly volume of NT$120M, ensuring 100% data integrity and operational stability.
- **Award-Winning User Centricity:** Leveraged a Red Dot award-winning UX background to translate complex operational requirements into high-adoption solutions for global users.
- **Operational Governance Expert:** Engineered a 4-Phase Change Control protocol and standardized "Pay-for-Actuals" policies to eliminate financial risk and optimize cross-functional workflows.

Senior User Experience Designer | KaiOS | 03.2017 - 06.2022

Defined UX guidelines for a 0→1 non-touch phone in an emerging market. Co-designed a Red Dot award-winning solution that lowered adoption barriers for first-time internet users.

Product Manager / Product Designer | Qihoo 360 | 10.2015 - 03.2017

Product Manager & sole Product Designer for smartwatch from concept to launch—led planning, research, cross-team collaboration, brand & UX design.

User Experience Designer | HTC | 11.2011 - 10.2015

Initiated "Themes" (2015 KPI Project), managing product vision from ideation to global launch.

System Planner | Storm | 07.2010 - 11.2011

Designed and managed web-based CRM solutions for Loreal, Timberland, and Anna Sui.

Education

B.B.A Information Management | Chang Gung University | Graduated 06.2010
